7 MOBILE BUFFET SYSTEMS

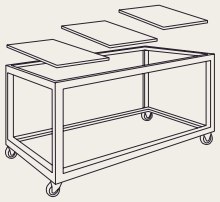
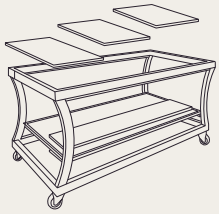
Drop-in function & display tiles integrate accross all 7 systems.

THE HUB



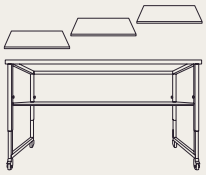
Ready for anything — With a vast range of options and finishes, the Hub Buffet becomes whatever you need it to be. Infinite possibilities.

CURVE HUB



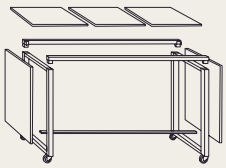
Boost your curve appeal — All the versatility and capabilities of the Hub, reimagined with a fresh curved design.

Ryze



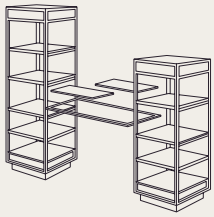
Nest for success — These height adjustable nesting tables come in three widths — single, double, and triple tile — and fit neatly under each other for compact storage.

ZOZZ
MODULAR FLAT PACK



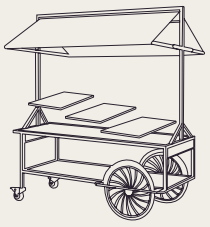
Stretch beyond limits — All the versatility of the Hub, with a twist. Zozz transforms from a single-tile buffet to a double or triple-tile setup. The ultimate flexibility.

Q-BIK



Style that stacks up — Modular towers deliver sleek, vertical displays that maximize space and style — keeping everything organized, and effortlessly within reach.

Buggy



Wheel appeal — A playful twist on portable service, the Buggy Cart is part display, part showstopper. Drop in action or display tiles and you're ready to roll.

Slim
BUFFET SYSTEM

Versatile multipurpose station — Designed for buffet, bar, coffee service, and host station applications. Maximum flexibility and space efficiency.

Setting the standard for the buffets *of tomorrow*
