INTERNATIONAL

D.W. Haber & Son was started in 1902 as a silver repair company and has since grown into a leading manufacturer of hollowware and buffet products for the hospitality industry. Together, Steelite and D.W. Haber have a passion for developing exciting new products and trends, while also focusing on continually improving the features and performance of existing products. Their mission to consistently create unique, reliable foodservice equipment with a focus on durability, style, and functionality remains unsurpassed in the industry.

The addition of Kenny Mack Designs' upscale, dishwasher-safe resin bowls and platters, brings an entirely new depth of color to the banquet table. The buffet pieces are perfectly aligned with D.W. Haber's long-standing reputation and complement the collections nicely.

Innovation continues with the upscale finishes on the reclaimed teak wood risers and accessories which work with induction, grills, resin & glass tiles for endless configurations. The proprietary Teflon-coated chafing dishes bring color and durability that take cast iron chafers to a whole new level. Vacuum insulated coffee urns, insulated milk dispensers, and creative transport/storage carts are just a sampling of the incredible product offering.

sophistication for any setting

The Fusion Buffet System is a unique and versatile solution for your foodservice presentation. With multi-sized risers, juicers, and baskets, you can mix and match your display with the numerous wood & metal finishes available. Designed from reclaimed wood, the teak products are environmentally friendly and cost effective, while its natural properties make it resistant to heat, light and moisture. Resin, tempered glass or teak wood tiles can also be used to add new heights, while the 14" risers can be outfitted with universal inserts that make cooking and heating easier.

finish options available

- Ash Grey Teak **(AG)**
- Grey Wash Teak **(GW)**
- Natural Teak **(T)**
- Black Teflon **(BK)**
- Stainless Steel

HEAT LAMPS

The Modern, Fusion, and Tempo heat lamps are perfectly designed to keep your food hot. Available in fixed or telescoping positions, these stainless steel lamps have single or double heads to accommodate your foodservice needs. Additionally, all fixed height lamps can be produced in black or other powder coated colors to create the look that suites your buffet presentation.

telescoping feature available on all lamps

The telescoping feature allows bulb height to range from 13" to 25" to maximize range of keeping food hot.

proprietary teflon-coated stainless steel

The lightweight HomeStyle induction chafers are your go-to vessels for sterno or induction heating. Comprised of stainless steel or coated in black, white or red/black Teflon, these chafing dishes include a food pan, and are chip and scratch resistant. More so, the rectangle chafers have a built-in lid holder for convenient buffet service.

patented hinge effortlessly stops in any position

Elevate your buffet service with D.W. Haber's hinged chafers. With the capability to work on induction, heater stands, or chafer frames, these chafing dishes feature a clever, patented hinge that will stop the lid in any position, making it the ultimate choice for foodservice. These vessels are available with a solid or full glass lid, and have a unique built-in condensation system that returns condensation back in to the water pan.

cleverly designed for your buffet presentation

D.W. Haber's rolltop chafers feature the acclaimed patented balance-cover mechanism which prevents the lid from slamming back. These stainless steel vessels have a clever condensation return which returns water back to the water pan, and are also available with electric heat. The chafers work well in any buffet occasion, and pair perfectly with the hinged and liftoff-lid marmites. Available in Tempo, Tower and Millennium bases, the marmites by D.W. Haber feature double boilers so you never burn your soup or oatmeal.

beverage service done right

Serve warm and cold beverages the right way with D.W. Haber's collection of coffee urns and juice dispensers. Never worry about warm or burnt coffee again with the vacuum insulated urns.

The convenient vacuum technology keeps coffee at 165°F for five hours in a 5-gallon urn and over three hours in a 3-gallon urn without preheating. While the juicers have an ice sleeve in the center to keep drinks chilled, and a universal base fits three different sized juice vessels. All urns & juicers are available in Tempo, Tower and Millennium, and urns can be ordered with a sterno insert as well.

roma

sleek & classic

The Roma hollowware collection is perfect for tableside coffee or tea service. Featuring a patented, solid bar hinge, these joints are guaranteed for a lifetime because they are made without pins and are built to withstand the rigors of opening and closing. Additionally, the dripless spouts prevent drops from landing on your table or linen.
