The Soldura Difference

Soldura designs, engineers and fabricates non-structural high-end value products that are long-lasting, low maintenance and of the highest quality. Our distinctive, sustainable outdoor furniture is manufactured to a higher standard, built to withstand the rigors of commercial use. Soldura is the brand of choice in countless Hospitality, Commercial and Public Outdoor Applications.

Choosing Soldura

Soldura is a GREEN investment that qualifies for LEEDS Certified projects. Our products are sustainably manufactured from the highest grade plus sized thickness HDPE Recycled Plastic Lumber and laminates using titanium UV inhibitors.

Recycle Content

Soldura Lumber is certified to contain a minimum of 95% recycled content. A majority of our colors are a minimum 95% post-consumer content; a small number of brighter custom colors have a 95% recycled content that is comprised of pre & post-consumer materials. Soldura Laminate Sheet Stock is a completely recyclable blend of virgin & recycled polymers with up to 30% recycled content.

Attributes

- Soldura Products should be used only for NON-STRUCTURAL applications
- Impenetrable Surface: no water absorption so mold, mildew and bugs cannot penetrate the surface
- Resistant to UV and harsh weather climates
- Easy to clean, using soap and warm to hot water
- No splintering, cracking or warping as one would find with wood
- No Pinholes, pockmarks or porosity
- Soldura Lumber available in standard and multi-tonal colors with optional Embossed finishes for slip resistant and aesthetic design
- Soldura Laminate available in a variety of colors with double sided matte gloss finish
- Compatible with common wood working tools and CNC fabrication techniques
- Greater impact resistant than wood
- Resistant to most chemical exposure
- Customizable – shapes and colors tailored to your unique product application
- Soldura Lumber 95% recycled content certification meeting FTC Green Guidelines
- Backed by a 10 year material integrity and 1 year craftsmanship warranty

Markets

Soldura is ideal for outdoor end product applications where weather resistance, minimal maintenance and a beautiful appearance is required over a long product life cycle.
