ABOUT CLIX COLLECTION

Like everything designed by Mogogo, CliX is both functional and beautiful, all while making the lives of our customers a little bit easier. CliX is inspired by the existing strengths of Mogogo's modular buffet furniture while further exploring versatility and adaptability. From these two function-defining parameters came our patent-pending quick-lock mechanism. One click to attach and one twist to detach, CliX delivers a product that is easy to assemble and store.

Available in three different heights as well as three tabletop shapes each with three different finishes, CliX is another part of our quest to produce tools for professionals that combine maximum functionality with a refined design aesthetic.

CliX Tables redefine aesthetic and functional standards in the realm of F&B catering.

MATERIALS

CliX tops are made of our innovative BHP material.
BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Grey Slate, Nero Marquina Marble, and Bengali Mango Wood **(1-3)**, CliX makes it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

CliX bases come in 2 modern chic finishes-
brushed stainless steel **(4)** and brushed brass **(5)**.

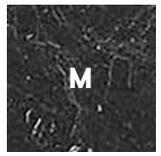

MATERIAL GUIDE

Customize your CliX Tables by choosing from the different colors and finishes available.
Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

HOW IT WORKS

Our unique patent-pending quick-lock mechanism and universal base, for the CliX Tables collection, makes it easy to store, assemble, and disassemble: one click to attach and one twist to detach. With a multiplicity of tabletop/base combinations to choose from, CliX Tables provide you with an unprecedented array of display options. CliX Collection offers a variability of tabletop shapes and materials, as well as different base heights and finishes giving you the freedom to create an interesting visual landscape.

CliX Tables are an elegant design solution for any F&B operation. When you combine form and function, it just CliX.

H30" TABLES

CliX H30 embodies the most popular height for Catering Tables.

Standard in height, but not in design: CLiX H30 instantly elevates the event atmosphere to something quite sophisticated and chic.

Available in round, square, and rectangle tabletops, CliX H30 is an essential piece for any high end or laid back catering events; adding the perfect twist that clicks.

TRANSFER & STORAGE CARTS

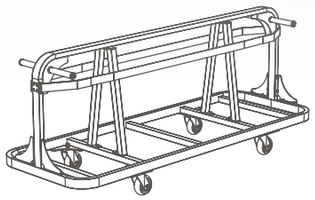

Mogogo's utility carts are designed for your convenience and mobility and are an integral part of the CliX system as they make storing and assembling the tables easy. Whether it is to pull out the tabletops, to push them through the halls, or get in and out of elevators, they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.

SYSTEM BREAKDOWN

Mogogo's CliX Catering Tables Collection offers endless combinations with only two basic elements at its core: Tabletop and Base.

Tabletops are available in three shapes and three different materials. Table bases are available in three heights and two stunning finishes. Bottom shelves are available in two shapes to add extra storage or display space.

Delivering on our promise of high functionality and diversity, the CliX Collection reveals a new paramount in product design for hospitality.
